All the subcommittees chalked out a plan of action for this academic year at the beginning of the year. Each subcommittee met at least 3-4 times a year and reviewed their plans and activities. All the committee members have shown a lot of hard work, enthusiasm and involvement while undertaking the different activities planned by the subcommittees through the year. Each committee has tried to improve the functioning of the College in their own way. This is evident in the innumerable academic and extracurricular activities conducted the year around.

Part B:

1. Activities reflecting the goals and objectives of the institution

(a) Evolve atmosphere conducive for generating scientific attitude and all round growth and development.

Students from the different department are motivated to participate in different workshops of leadership, enhancing motivational levels of students etc. Value education is imparted to all the students of F.Y.BSc during the “positive hour”. Here different values are discussed through discussions, role plays and sensitization exercises.

(b) Sensitize the students with respect to social issues such as population, illiteracy, status of women, malnutrition, needs of special children etc.

The department of Human Development get sensitized to the status of women through the different topics taught in the subject of “Women in changing India” which is a compulsory course for all the F.Y.BSc. students. In addition the students are sensitized to the needs of special children through subjects like “Needs of Special Children” and “Remedial Education”

The department of Textiles sensitized their students to the community needs by planning workshops on “stitching” for the women from Mangalwadi slum.

(c) Inculcate values related to environment, social harmony, national intergration and peace.

This goal is achieved through street plays organized by the population club and the NSS unit of the college. Value education through the “Positive hour” also deals with these issues.

(d) Provide education which will prepare students professionally and develop entrepreneurs.

The department of Textiles & Clothing organized an exhibition “Kalash 2007” to promote the sale of products made by the department of students of the department.

The students of the department of Human Development organized 8 Puppet shows for children from the community, which enhanced their skills of puppetry and organizational skills also.

2. New academic programmes (UG and PG)

A 1½ year Postgraduate diploma in “Clinical Nutrition & Dietetics” was started in the department of “Food Science Nutrition”. A total of 35 applications were received for this Diploma and finally 18 students were selected for this course.

3. Innovations in curricular design & transaction

Till this year, the college was offering only 60 credits of specialization courses. But this year, all the departments have restructured their syllabus and increased their credits to 66 credits. Hence a lot of innovations have been done keeping in mind the current trends in the curriculum of all the departments.

Department of Communication and Extension : The following two courses will be introduced in 2007-2008

- (i) Media Studies
- (ii) Advertising, Marketing and PR

The dept. of communication & extension has tried out the innovation of ‘teaching puppetry through video films cum demonstrations’

Department of Composite Home Science

For vocationalization of the composite Home Science course, new courses from the other specialization have been planned to be offered for this specialization from June 2007. New courses like Introduction to Hospitality Industry, Hotel House Keeping & Reception, Travel Management, “Textile Marketing, Current issues related to Adulthood

Department of Human Development

The department worked out new subjects for the students of this department which will be implemented from June 2007.

- Psychology of Teaching & Learning (Th.)
- Introduction to Research Process (Th.)
- Computer Applications (Pr.)
- Introduction to needs of Special Children (Pr.)
- Guidance during childhood year (Pr.)

Peer Counseling

10 sessions of “Peer counseling” of an hour and a half each were conducted each week in the second semester. These sessions began on **11th February 2006** and continued until April. From over 30 students who registered, **13** students from **S.Y. Div. C II** (Department of Human Development) were chosen to undergo the training. The sessions were aimed at equipping these students with counseling skills required for Peer Counseling. These “peer counselors” will be able to offer basic initial guidance for students who hesitate to approach the counselor for help. These students will act as a link between the students and counselor, and will therefore help increase the reach and impact of counseling services. The peer counselors will remain in constant touch with the counselor to ensure proper supervision and coordination.
